Who Is Running America?

The Bankruptcy of America, the Corporate United States, and the New World Order

From Archive Sources

Who is running America? Have you ever asked that question?

Under the doctrine of Parens Patriae, "Government As Parent", as a result of the manipulated bankruptcy of the United States of America in 1930, **ALL the assets of the American people,** their person, and of our country itself are held by the Depository Trust Corporation at 55 Water Street, NY, NY, secured by UCC Commercial Liens, which are then monetized as "debt money" by the Federal Reserve. It may interest you to know that under the umbrella of the Depository Trust Corporation lies the CEDE Corporation, the Federal Reserve Corporation, the American Bar Association, the legal arm of the banking interests, and the Internal Revenue Service, the system's collection agency.

Now you know who is running America!

You might want to take exception to the name on the marquee at the entrance to 55 Water Street.

??? . . . "Tower of Power" . . . ???

Another thing to think about -- who owns the media and the news you are fed???
Guess Who??? An Independent Press??? Ha!!!

Did you ever hear of the Independent Treasury Act of 1920? No, you say.... Hmmmmmmm....?

The Independent Treasury Act of 1920 suspended the de jure (meaning **"by right of legal establishment"**) Treasury Department of the United States government. Our Congress turned the treasury department over to a private corporation, **which when seen in its true light, is a fascist monopolistic cartel,** the Federal Reserve and their agents. The bulk of the ownership of the Federal Reserve System, a very well kept secret from

Exhibit K1

the American Citizen, is held by these banking interests, and NONE is held by the United States Treasury:

Rothschild Bank of London
Rothschild Bank of Berlin
Warburg Bank of Hamburg
Warburg Bank of Amsterdam
Lazard Brothers of Paris
Israel Moses Seif Banks of Italy
Chase Manhattan Bank of New York
Goldman, Sachs of New York
Lehman Brothers of New York
Kuhn Loeb Bank of New York

The Federal Reserve is at the root of most of our present statutory regulations, "laws", in the control and regulation of virtually all aspects of human activity in the United States, through successively socialistic constructions laid upon the Commerce clause of the Constitution. Basically, the Federal Reserve is the "STATE" of the United States.

See "Our Enemy, The STATE" by Albert J. Nock - 1935, his Classic Critique Distinguishing "**Government**" from the "**STATE.**"

Thomas Jefferson once said:

"I believe that banking institutions are more dangerous to our liberties than standing armies . . . If the American people ever allow private banks to control the issue of their currency, first by inflation, then by deflation, the banks and corporations that will grow up around [the banks] . . . will deprive the people of all property until their children wake-up homeless on the continent their fathers conquered . . . The issuing power should be taken from the banks and restored to the people, to whom it properly belongs." -- Thomas Jefferson -- The Debate Over The Recharter Of The Bank Bill, (1809)

Jefferson's prophesy has come true.

How did this happen? .....Hmmmmm..... Well, that is going to take a while to explain.

Exhibit K1

All our law is private law, written by The National Law Institute, Law Professors, and the Bar Association, the Agents of Foreign Banking interests. They have come to this position of writing the law by fraudulently deleting the "Titles of Nobility and Honour" Thirteenth Amendment from the Constitution for the United States, creating an oligarchy of Lawyers and Bankers controlling all three branches of our government. Most of our law comes directly through the Hague or the U.N. Almost all U.N. treaties have been codified into the U.S. codes. That's where all our educational programs originate. The U.N. controls our education system.

The Federal Register Act was created by Pres. Roosevelt in 1935. Title 3 sec. 301 et seq. by Executive Order. He gave himself the power to create federal agencies and appoint a head of the agency. He then re-delegated his authority to make law (statutory regulations) to those agency heads. One big problem there, the president has no constitutional authority to make law. **Under the Constitution re-delegation of delegated authority is a felony breach.**

The president then gave the agencies the authority to tax. We now have government by appointment running this country. **This is the shadow government sometimes spoken about, but never referred to as government by appointment. This type of government represents taxation without representation.**

Perhaps this is why some people believe the Constitution was suspended. It wasn't suspended, it was buried in bureaucratic red tape.

Now, it is an historical fact that with the Declaration of Independence, to provide a united effort during and after the War for Independence, the Colonies as independent nations joined together under the Articles of Confederation, and as Independent Sovereign States drew up constitutions which formed governments to serve the people of each former colony. The Articles of Confederation, after a period of 8 years, were determined to have several flaws. The Congress of delegates called a Convention in 1787 to correct the flaws. The Convention, instead of modifying the Articles of Confederation as directed, in secret sessions took it upon themselves to write an entirely new Constitution, which when ratified by the State Conventions of the Freemen of the Individual States, created the Federal government to serve them in those areas where the States operating individually could not effectively serve. In this new Constitution the people and the States delegated to the Federal government certain responsibilities, reserving all rights not so enumerated to the States and to the People in the Tenth Amendment to the Constitution. As a consequence, the responsibility of the State became one of protecting the people from the tyranny of federal government, to insure that the federal government did not reach beyond the bounds of the Constitution. This worked fairly effectively, until 1933 when Roosevelt assumed office.

The Conference of Chief Justices, Conference of State Court Administrators, the National Associations of Attorney Generals, Secretaries of State and State Auditors, State Purchasing Offices, Lieutenant Governors, and State Legislators, and the Governors of the 50 states comprise the membership of the Council of State Governments. The Council of State Governments is located at 676 N. ST. Clair, Chicago, Illinois 60611.

Exhibit K1

The Council of State Governments has now been absorbed into the National Conference on Uniform State Laws run by the Bar Association.

The movement for uniform state laws dates back more than a century. The Alabama State Bar called for uniformity as early as 1881, but it was nearly a decade later, at the 12th annual meeting of the ABA in 1889, that the legal community made its formal motion to work for uniformity in the then 44 state union. New York was the first state to move, appointing three commissioners in 1890. Other states soon heeded the call: Delaware, Georgia, Massachusetts, Michigan, New York, New Jersey, and Pennsylvania attended the first Conference in Saratoga Springs, New York, in 1892. The commissioners wasted no time. They urged adoption of three acts and proposed raising the marrying age to 18 for males and 16 for females. They also adopted a table of weights and measures, noting that with the exception of wheat, legal weights of a bushel varied in all the states.

By the turn of the century, 33 states and two territories had appointed commissioners on uniform laws. In 1910, only Nevada and the Territory of Alaska still had not; they came aboard in 1912.

100 YEARS OF UNIFORM LAWS
An Abridged Chronology

1890 - New York state legislature passes first state act authorizing governor to appoint three commissioners. The American Bar Association (ABA)recommends that other states follow New York's lead.

1891 - Connecticut's Lyman D. Brewster named to chair newly-created ABA committee on uniform law. Pennsylvania, Michigan, Massachusetts, New Jersey and Delaware appoint commissioners.

1892 - First conference held in Saratoga Springs New York. Above states plus Georgia attend formal meeting.

1893 - Committees appointed on such subjects as wills, marriage and divorce, commercial law, descent and distribution.

1895 - Conference requests committee on commercial law be formed. Drafts, Negotiable Instrument Law, precursor to Article 3 of Uniform Commercial Code.

1896 - Negotiable Instrument Law approved by Conference. First time that a uniform act is adopted in every state and the District of Columbia.

1897 - For the first time, Commissioners urged to work toward enactment of uniform legislation in their states.

1898/1899 - Sessions devoted to the consideration of proposed divorce legislation.

1899 - At the end of the 1890s, 33 of the existing 45 states and two territories had appointed uniform law commissioners and eight uniform acts had been drafted, each

enacted in at least one state. All these acts were subsequently superseded or declared obsolete.

1900 - Uniform Divorce Procedure Act adopted. Louis B. Brandeis begins five years of service as member of Massachusetts commission.

1901 - Woodrow Wilson begins tenure (until 1908) as commissioner from New Jersey.

1903 - ABA makes first appropriation in support of work of Conference. James Barr Ames of Harvard Law School commissioned to draft the Uniform Partnership Act.

1905 - Samuel W. Pennypacker, Pennsylvania Governor, invites other governors to send delegation to a national divorce conference--meets twice in 1906; three acts endorsed.

1906 - First roll call by states as Uniform Warehouse Receipts Act is approved. Legal scholar Roscoe Pound serves for one year as a commissioner from Nebraska.

1907 - Uniform Desertion Act and Non-Support Act and Uniform Marriage Act authorized. Act Regulating Annulment of Marriage of Divorce adopted. Also, Act Providing for the Return of Marriage Statistics, Act Providing for the Return of Divorce Statistics.

1912 - Uniform Marriage Evasion Act adopted. Woodrow Wilson, commissioner from New Jersey from 1901 to 1908 elected U.S. President in a landslide.

1914 - Uniform Partnership Act completed. Will be adopted by all the states. Also Foreign Acknowledgement Act, Cold Storage Act, Workmens's Compensation Act.

1915 - Name changed to National Conference of Commissioners on Uniform State Laws. Constitution and by-laws completely revised. Each act now must be considered section by section during at least two annual meetings.

1916 - Uniform Limited Partnership Act as well as Extradition of Persons of Unsound Minds Act approved, also Land Registration Act.

1917 - Uniform Flag Act approved.

1918 - Uniform Fraudulent Conveyance Act approved.

1920 - Certain Acts withdrawn; others declared obsolete. After pruning, 26 acts remain as

recommended for passage in state legislatures.

1930 - During the 30s, Conference adopts 31 acts.

1935 - Conference entered into agreement with American Law Institute for cooperative drafting of acts in area of common interest.

1936 - After revisions, withdrawals and acts declared obsolete, 53 uniform acts remained as recommended for approval.

On April 25, 1938, the Supreme Court overturned the standing precedents of the prior 150 years concerning "COMMON LAW" in the federal government.

> **"THERE IS NO FEDERAL COMMON LAW, AND CONGRESS HAS NO POWER TO DECLARE SUBSTANTIVE RULES OF COMMON LAW applicable IN A STATE, *WHETHER* they be LOCAL or GENERAL in their nature, be they COMMERCIAL LAW or a part of LAW OF TORTS." (See: *ERIE RAILROAD CO. vs. THOMPKINS*, 304 U.S. 64, 82 L. Ed. 1188)**

The Common Law is the fountain source of Substantive and Remedial Rights, if not our very Liberties. The members and associates of the Bar thereafter formed committees, **granted themselves special privileges, immunities and franchises,** and held meetings concerning the Judicial procedures, and further, to amend laws ***"to conform to a trend of judicial decisions or to accomplish similar objectives"***, including hodgepodging the jurisdictions of Law and Equity together, which is known today as ***"One Form of Action."*** [See: *Constitution and By Laws*, Article 3, Section 3.3(c), 1990-91 Reference Book, see also *Colorado Methods of Practice*, West Publishing, Vol. 4, pages 2-3, Authors Comments.]

1939 - ABA gets more involved in approval of uniform law products. Thirty-nine acts are presented to the Board of Governors of the ABA for consideration and approval. During the same year, all acts on aeronautics and motor vehicles are eliminated as well as the Land Registration Act, Child Labor Act of 1930, Uniform Divorce Jurisdiction Act, Firearms Act, Marriage Act and more. Six acts are reclassified as Model acts.

1940 - At start of decade, after deletions, etc., 53 acts out of 93 which had been approved since the group's founding remain on the books. Drafting committee for the Uniform Commercial Code (UCC) approved.

1941 - Speaking of the Commercial Code project, the Conference president states: "....this is the most important and the most far reaching project on which the conference has ever embarked." It would take the major part of the next 10 tear period to complete.

1942 - UCC effort begins in earnest with completion of work on the revised Uniform Sales Act.

1943 - Members of the conference participate in drafting committee in Washington, D.C.

to work on legislation which the government might desire in connection with the war effort. No new acts.

1944 - Conference receives $150,000 grant from the Falk Foundation of Pittsburgh to support work on the UCC.

1945 - No annual meeting for the first time due to difficulties of civilian transport during the war.

1946 - Falk Foundation increases its support of the UCC with an additional $100,000.

1947 - Uniform Law Conference (ULC) and American Law Institute join in partnership to put all the components together for the UCC. Uniform Divorce Recognition Act approved.

1950 - Approval of the Uniform Marriage License Application Act, Uniform Adoption Act and the Uniform Reciprocal Enforcement of Support Act (URESA). The latter has been one of the most successful ULC products.

1951 - On May 18, during a joint meeting with the American Law Institute in Washington, D.C., the UCC was approved. Later that year the ABA formally approved the code as well. Considered the outstanding accomplishment of the Conference, the Code remains the ULC's signature product.

One of the Uniform Laws drafted by the National Conference of Commissioners on Uniform State Laws and the American Law Institute governing commercial transactions (including sales and leasing of goods, transfer of funds, commercial paper, bank deposits and collections, letters of credit, bulk transfers, warehouse receipts, bills of lading, investment securities, and secured transactions), The Uniform Commercial Code (UCC), has been adopted in whole or substantially by all states. (See: *Blacks Law*, 6th Ed. pg. 1531) **In essence, all court decisions are based on commercial law or business law and has criminal penalties associated with it.** Rather than openly calling this new law Admiralty/Maritime Jurisdiction, it is called Statutory Jurisdiction.

America as a bankrupt nation is owned completely by its creditors.

The creditors own the Congress, they own the Executive, they own the Judiciary and they own all the State governments. Do you have a Birth Certificate? They own you too.

1952 - Uniform Rules of Criminal Procedure approved---first venture of the Conference into this area of the law.

1953 - Pennsylvania the first state to enact the UCC. Uniform Rules of Evidence adopted.

1954 - Disposition of Unclaimed Property Act approved.

ULC enters the field of international law.

1962 - Four more states adopt UCC, including New York. Probate Code project approved.

1966 - Five more UCC states.

1968 - Much of annual meeting devoted to the Uniform Consumer Credit Code and the Uniform Probate Code ---two projects nearing completion. By 1968, 49 states, the District of Columbia and U.S. Virgin Islands have enacted the UCC---only exception being Louisiana. A big year. Other developments in 1968: the Consumer Credit Code is approved as well as revisions to the Anatomical Gift Act, Child Custody Jurisdiction Act and revisions to URESA.

1969 - Probate Code approved. Preliminary analysis of the uniform marriage and divorce legislation distributed.

1970 - Controlled Substances Act and Uniform Marriage and Divorce Act approved.

1982 - Uniform Condominium and Planned Community Acts and Model Real Estate Cooperative Act combined into the Uniform Common Interest Ownership act.

The enumerated, specified, and distinct Jurisdictions established by the ordained Constitution (1789), Article III, Section 2, and under the Bill of Rights (1791), Amendment VII, were further hodgepodged and fundamentally changed in 1982 to include Admiralty Jurisdiction, which was once again brought inland. This was the FUNDAMENTAL CHANGE necessary to effect unification of CIVIL and ADMIRALTY PROCEDURE. Just as 1938 Rules ABOLISHED THE DISTINCTION between Actions At Law and Suits in Equity, this CHANGE WOULD ABOLISH THE DISTINCTION between CIVIL ACTIONS and SUITS IN ADMIRALTY." (See: *Federal Rules of Procedure*, 1982 Ed., pg. 17. Also see *Federalist Papers*, No. 83, *Declaration Of Resolves Of The First Continental Congress*, Oct. 14th, 1774, *Declaration Of Cause And Necessity Of Taking Up Arms*, July 16, 1775, *Declaration Of Independence*, July 4, 1776, *Bennet vs. Butterworth*, 52 U.S. 669)

1983 - Uniform Marital Property Act and Uniform Premarital agreement Act approved. Uniform Transfers to Minors Act replaces the uniformly enacted Uniform Gifts to Minors Act.

1984 - Uniform Statutory Will Act approved; new Uniform fraudulent Transfer Act supersedes Fraudulent Conveyance Act of 1918.

1985 - Uniform Health-Care Information Act, Uniform Land Security Interest act, Uniform Personal Property Leasing Act and Uniform Rights of the Terminally Ill Act approved.

1987 - Approval of the revised Uniform Anatomical Gift Act approved as well as new Uniform Custodial Trust Act, Uniform Construction Lien Act and Uniform Franchise and Business Opportunities Act. Also revision of Rules of Criminal Procedure.

1988 - Final approval of amendments to the Uniform Securities Act and amendments to Article 6 of the UCC dealing with bulk sales. Conference also approves Uniform Statutory Form Power of Attorney Act and Uniform Punitive and Unknown Fathers Act and takes on the controversial issue of surrogate mother contracts with Uniform Status of Children of Assisted Conception Act.

1989 - Article 4A of the UCC, dealing with electronic funds transfers, approved. Also approved: amendments to the Rights of the Terminally Ill Act, authorizing withdrawal of life support by a surrogate decision maker; the Uniform Pretrial Detention Act, confining violent criminals before trial; the Uniform Non-probate Transfers on Death Act and amendments to Article VI of the Uniform Probate Code.

1990 - Major revision of 1970 Uniform Controlled Substances Act-- the law in 46 jurisdictions-- approved. Substantial revision of UCC Article 3 also approved, as well as an updated Article II of the Uniform Probate Code, to keep pace with current thinking on marital property.

This private corruption of the law has occurred despite the Constitutional responsibility conferred on Congress by Article I, Section 8 of the Federal Constitution which states that it is Congress that "makes all Laws."

What does that have to do with anything? Uniform Laws seem to be a good Idea.

Well now, that is a good question. Let us continue.....

An Expose On The Legal Fraud Perpetrated On All Americans

THE COURTS RECOGNIZE ONLY TWO CLASSES OF PEOPLE IN THE UNITED STATES TODAY: DEBTORS AND CREDITORS

The concept of DEBTORS and CREDITORS is very important to understand.

Every legal action where you are brought before the court: e.g. traffic ticket, property dispute or permits, income tax, credit cards, bank loans or anything else government might dream up to charge you where you find yourself in front of a court. It is an equity court, administrating commercial law having a debtor-creditor law as the controlling law. Today, we have an equity court but not an equity court as defined by the Constitution of the United States or any other legal documents before 1938.

All the courts of this once great land have been changed starting with the Supreme Court decision of 1938 in ERIE V. THOMPKINS. I'll give you background which led to this

decision. **There is a terrible FRAUD being perpetrated on all Americans. Please understand that this fraud is a 24 hour, 7 days a week, year after year continuous fraud. This fraud is constantly upon you all your life. It doesn't just happen once in a while. This fraud is perpetually and incessantly upon you and your family.**

U.S. INC. GOES TO GENEVA 1930's

In order for you to understand just how this fraud works, you need to know the history of its inception.

It goes like this: From 1928 -1932 there were five years of Geneva conventions. The nations of the world met in Geneva Switzerland for 5 continuous years in order to set up what would be the policy of all the participating countries. During the year of 1930 the U.S., Great Britain, France, Germany, Italy, Spain, Portugal etc. all declared bankruptcy. If you try to look up the 1930 minutes, you will not find them because they don't publish this particular volume. If you try to find the 1930 volume which contains the minutes of what happened, you will probably not find it. This volume has been pulled out of circulation or is hidden in the library and is very hard to find. This volume contains the evidence of the bankruptcy.

Going into 1932, they stopped meeting in Geneva. In 1932 Franklin Roosevelt came into power as President of the United States. Roosevelt's job was to put into place and administer the bankruptcy that had been declared two years earlier. The corporate government needed a key Supreme Court decision. The corporate United States government had to have a legal case on the books to set the stage for recognizing, implementing and supporting the bankruptcy. Now. this doesn't mean the bankruptcy wasn't implemented before 1938 with the Erie vs. Thompkins decision. The bankruptcy started in 1930-1931. The bankruptcy definitely started when Roosevelt came into office. He was sworn in during the month of January 1933. He started right away in the bankruptcy with what is known as 'The Banking Holiday," and proceeded in pulling the gold coin out of circulation. That was the beginning of the corporate United States Public Policy for bankruptcy.. Executive Orders 6073, 6102, 6111 & Executive Order 6260 "Trading With The Enemy Act."

ROOSEVELT STACKS SUPREME COURT

It is a known historical fact that during 1933 and 1937 - 1938, there was a big fight between Roosevelt and the Supreme Court Justices. Roosevelt tried to stack the Supreme court with a bunch of his pals. Roosevelt tried to enlarge the number of justices and he tried to change the slant of the justices. The corporate United States had to have one Supreme Court case which would support their bankruptcy problem.

There was resistance to Roosevelt's court stacking efforts. Some of the justices tried to warn us that Roosevelt was tampering with the law and with the courts. Roosevelt was trying to see to it that prior decisions of the court were overturned. He was trying to bring in a new order, a new procedure for the law of the land. See also The UCC Connection

THE CORPORATE UNITED STATES GOES BANKRUPT

A bankruptcy case was needed on the books to legitimize the fact that the corporate U.S. had already declared bankruptcy! This bankruptcy was effectuated by compact that the corporate several states had with the corporate government (Corporate Capitol of the several corporate states). This compact tied the corporate several states to corporate Washington D.C, (the headquarters of the corporation called "The United States").

Since the United States Corporation, having established its headquarters within the District of Columbia, declared itself to be in the state of bankruptcy, it automatically declared bankruptcy for all its subsidiaries who were effectively connected corporate members (who happened to be the corporate state governments of the Union). The corporate state governments didn't have to vote on the bankruptcy. The bankruptcy automatically became effective by reason of the Compact/Agreement between each of the corporate state governments and THE MOTHER CORPORATION. (Note: the liberty of using the term "Mother Corporation" to communicate the interconnected power of the corporate Federal government relative to her associated corporate States has been taken.

It is Historical knowledge that the original Union States created the Federal Government, however, for all practical purposes, the Federal government has taken control of her "Creators", the States.) She has become a beast out of control for power. She has for her trade names the following: "United States", "U.S.", "U.S.A.", "United States of America", Washington D.C., District of Columbia, Feds. and Federal Government. She has her own U.S. Army, Navy, Air Force, Marines, Parks, Post Office etc. etc. etc. Because she is claiming to be bankrupt, she freely gives her land, her personnel, and the money she steals from the Americans via the IRS. and her state corporations, to the United Nations and the International Bankers as payment for her debt. The UN and the International Bankers use this money and services for various world wide projects, including war.

War is an extremely lucrative business for the bankers of the New World Order. Loans for destruction. Loans for re-construction. Loans for controlling people in her new world order.

THE U.S. INC. DECLARES BANKRUPTCY

The corporate U.S. then, is the head corporate member, who met at Geneva to decide for all its corporate body members. The corporate representatives of the corporate several states were in attendance. If the states had their own power to declare bankruptcy regardless of whether Washington D.C. declared bankruptcy or not, then the several states would have been represented at Geneva. The several states of America were not represented. Consequently, whatever Washington D.C. agreed to at Geneva was passed on automatically, via compact to the several corporate states as a group, association, corporation or as a club member; they all agreed and declared bankruptcy as one government corporate group in 1930. The several states only needed a representative at Geneva by way of the U.S. in Washington D.C. The delegates of the corporate United States attended the meetings and spoke for the several corporate states as well as for the Federal Corporate Government. And, presto, BANKRUPTCY was declared for all!

From 1930 to 1938 the states could not enact any law or decide any case that would go against the Federal Government. The case had to come down from the Federal level so that the states could then rely on the Federal decision and use this decision within the states as justification for the bankruptcy process within the states.

UNIFORM COMMERCIAL CODE EMERGES AS LAW OF THE LAND
Ah, Ha, are you beginning to get the picture?

By 1938 the corporate Federal Government had the true bankruptcy case they had been looking for. Now, the bankruptcy that had been declared back in 1930 could be upheld and administered. That's why the Supreme Court had to be stacked and made corrupt from within. The new players on the Supreme Court fully understood that they had to destroy all other case law that had been established prior to 1938. The Federal Government had to have a case to destroy all precedent, all appearance, and even the statute of law itself. That is, the Statutes at large had to be perverted. They finally got their case in Erie vs. Thompkins. It was right after that case that the American Law Institute and the National Conference of Commissioners on Uniform State Laws listed right in the front of the Uniform Commercial Code, began creating the Uniform Commercial Code that is on our backs today. Let us quote directly from the preface of the Official Text of the Uniform Commercial Code 12th Edition:

"The Code was originally approved by its sponsors and the American Bar Association in 1952, and was revised in 1958 to incorporate a number of changes that had been recommended by the New York Law Revision Commission and other agencies. Subsequent amendments that were deemed desirable in light of experience under the Code were approved by the Permanent Editorial Board in 1962 and 1966"

The above named groups and associations of private lawyers got together and started working on the Uniform Commercial Code (UCC). It was somewhere between 1938 and 1940, I don't recall, but by the early 40's and during the war, this committee was working to form the UCC and getting it ready to go on the market. The UCC is the Law Merchant's code for the administration of the bankruptcy. The UCC is now the law of the land as far as the courts are concerned. This Legal Committee of lawyers put everything: Negotiable Instruments, Security, Sales, Contracts, and the whole mess under the UCC. That's where the "Uniform" word comes from. It means it was uniform from state to state as well as being uniform with the District of Columbia.

It doesn't mean you didn't have the uniform instrument laws on the books before this time. It means the laws were not uniform from state to state. By the middle 1960's, every state had passed the UCC into law. The states had no choice but to adopt newly formed Uniform Commercial Code as the Law of the Land. The states fully understood they had to administrate Bankruptcy. Washington D.C. adopted the Uniform Commercial Code in 1963, just six weeks after President John F. Kennedy was killed.

YOUR LAWYER'S SECRET OATH???

What was the effect and the significance of Erie vs. Thompkins case decision of 1938?

The significance is that since the Erie Decision, no cases are allowed to be cited that are prior to 1938. There can be no mixing of the old law with the new law. The lawyers, who are members of the American Bar Association, were and are currently under and controlled by the Lawyer's guild of Great Britain, created, formed, and implemented the new bankruptcy law. The American Bar Association is a franchise of the Lawyer's Guild of Great Britain.

Since the Erie vs. Thompkins case was decided, the practice of law in this country was never again to be the same. It has been reported, that every lawyer in existence, and every lawyer coming up has to take a "secret" oath to support bankruptcy. As Officers of the Court they have sworn to uphold the law as it exists, and as they have been taught. In so doing, not only do the lawyers promise to support the bankruptcy, but the lawyers and judges promise never to reveal who the true creditor/party is in the bankruptcy proceedings (if, indeed, many of them are even aware or know). In court, there is never identification and appearance of the true character and principle of the proceedings. If there is no appearance of the true party to the action, then there is no way the defendant is able to know the TRUE NATURE AND CAUSE OF THE ACTION. You are never told the true NATURE AND CAUSE OF WHY YOU ARE IN FRONT OF THEIR COURT. The court is forbidden to tell you that information.

That's why, if you question the true nature and cause, the judge will tell you "It's not my job to tell you. You are not retaining me as an attorney and I can't give you legal advice from the bench. I suggest you hire a lawyer."

HIRE A LAWYER?

The problem here is, if you hire a lawyer who is pledged not to reveal the true nature and the cause, how will you ever find out the nature and the cause? YOU WON'T! If the true nature and the cause of the action against you is revealed, it will expose the real creditor from whom this action and cause came. In other words, they will have to name the TRUE creditor. The true creditor will have to state the nature and the cause. The true creditor will have to say "It's a bankruptcy proceeding." The true creditor will have to say, "I'm the creditor and he's the debtor."

That declaration would open the door for you to question "Who the hell are you? How did you get attached to my back and by what vehicle did I promise to become a debtor to you?" In this country, the courts on every level, from the justice of the peace level all the way up..... even into the International law arena, (called the World Court), are administrating the bankruptcy and are pledged not to reveal who the true creditors really are and how you personally became pledged as a party or participant to the corporate United States debt. What would really kill these people off, would be to compel the International Bankers to send a lawyer into the courtroom and present himself as the attorney for THE TRUE CREDITOR, THE INTERNATIONAL BANKERS. THEN, HAVE THE ATTORNEY PUT INTO THE RECORD THE TRUE NATURE AND CAUSE OF THE PROCEEDING AGAINST YOU ON THAT PARTICULAR DAY.

The International Bankers told these various countries that they were now in a state of

bankruptcy. The countries had been taken over by the creditor/bankers. And there was no choice, but for all these participating countries to declare bankruptcy. If they didn't agree to declare bankruptcy, the bankers threatened to collapse the economies and thereby put the countries back into the depression like the one from which they were just emerging. The bankers made an offer they couldn't refuse. To review and elaborate: In 1930 there was a world wide depression.

The Bankers said, "Look. You can do it either of two ways. The easy way or the hard way." "You just accept the bankruptcy and we'll let you out of the depression. If you don't, you're on your own." So all the countries involved agreed, because they realized that the International bankers had them by the throat. The countries therefore agreed that over a period of several years that they would pass statutes and legislation for the implementation of the bankruptcy in favor of the international bankers.

Now, it would probably be correct to say that the key bankers were the Rothschild's and their agents by way of Rockefeller, by way of the Federal Reserve Bank. Who the bankers were is immaterial. The fact remains that there was an International bankruptcy, and an International conspiracy to cover it up. There was a banking creditor who made the offer; the countries accepted the offer in order to enable the representative countries to continue without revolution and to allow the politicians to remain comfortably in place. Under a delusion of solvency the countries were allowed to continue to operate as though they were solvent; while in fact, the representative countries were bankrupt.

THE SNARE

The bankruptcy scheme was/is an extremely clever and diabolical plan. How did they possibly pull this scheme off in the area of real estate? The bankers did it with real estate, the same way they did it in the area of Federal Income Taxes. These Foreign bankers simply and deceptively devised ways and means to con you into declaring yourself as a "CITIZEN" or a "RESIDENT" of the corporate U.S. Remember the corporate United States is Bankrupt per agreement and public policy. After you have been tricked into claiming you are one of their corporate United States Citizens, you are given a social security number which ties you to certain meager "benefits" and "privileges."Then, the bankers con your employer to function as an unpaid tax collector to con you into filling out their W-4 intangible property gift forms and 1040 voluntary agreements.

These slick paper agreements establish your "voluntary" indebtedness to the banker creditor. If at any time you decide to balk at this scheme because you don't like it, the real creditor never has to make an appearance in court to list the true nature and cause of the action which is being brought against you. You end up dealing with an agency. The agency can conveniently grant itself immunity from prosecution because all it is doing (without your knowledge, of course) is administrating the bankruptcy to which the government agreed to per the Geneva meetings.

The court system never lets you put the original creditor on the courtroom stand, so you can ask him how he got attached to your back. The system is set up in such a way that the true creditor is protected and never has to make an appearance and never has to answer

any of your questions or produce documents. Therefore, the true creditor never has to produce the law that gives him the right to pledge you (your body and labor) into indebtedness (bondage/servitude).

Why? Because the Geneva agreement in 1930 was done by treaty. The bankruptcy was not done by legislation. The agreement came first; signed in secrecy, THEN Congress began to pass legislation to fulfill the bankruptcy obligation required by the treaty. Legislation being passed by Congress was henceforth and is thereby bankruptcy legislation. When cases came before the courts, the courts could make decisions based on the new controlling law of bankruptcy. It had nothing to do with Constitutional rights. Now, any case brought in is under the new bankruptcy law and is not considered as a true constitutional case. It is now a bankrupty case as distinct from, but cleverly disguised as a constitutional case.

THE FRAUD

The members of the Supreme Court, of course, realized what was happening to them and the system of law. The court was being asked to perform in a creditor, debtor bankrupt proceeding to the benefit of the banker creditors. The members of the Supreme Court said, "NO. We will not give you a bankrupt proceeding decision that you can then enforce against everybody; a decision not only effecting corporate Washington D.C. but also having effect within the corporate state governments."

This, by the way, is fraud. It wouldn't be fraud if the government of corporate Washington D.C. and the government of the several corporate states declared bankruptcy then let the people know about the bankruptcy. (Notice: when I say corporate "government" I don't mean you and me. You and I are not the corporate government. The corporate government is the corporate capital of the corporate state. The government is a neutral government zone known as the corporate capital of the corporate state. The government is where the corporate state is. It is corporate headquarters. Just like corporate Washington D.C. is the seat of the corporate Federal Government. The capital of the corporate state is the seat of the corporate state government. If the corporate Federal Government and her subsidiary corporate state governments want to join forces and declare bankruptcy that's not fraud. This is their corporate business.

However, it is fraud when those two corporate entities declare bankruptcy but do not disclose to you, me, and every other American, that they have so declared bankruptcy.

Further they have not and do not disclose that their intention is to get you and every other American in this country to pledge to pay off their corporate debt to their corporate creditors. The corporate bankruptcy is the corporate state and federal responsibility, not the responsibility of Americans, The People.

U.S. INC. IS DISTINCT AND SEPARATE FROM PRIVATE AMERICANS

"We the People" who created and signed the contract/compact/agreement/charter of, by,

and for the Constitutional Corporation (U.S.) using the trade name of the "United States of America," is a corporate entity (legal fiction) which is DISTINCT AND SEPARATE from Americans or the unenfranchised people of America. The private natural American people did not create the corporation of the United States. The United States Inc. did not create the private natural American people. America and Americans were in existence prior to the creation of the United States Corporation. The United States Corporation has located its U.S. headquarters in Washington D.C.

Virginia State (state territory) gave land to the newly formed United States Corporation. Notice here, we have a state giving something of value (land) to the United States. The United Stales Corporation agreed in the Constitutional contract, to protect the States. Instead, because of their bankruptcy (Corporate U.S. Bankruptcy) this particular U.S. corporation has enslaved the States and the people by deception and at the will of their foreign bankers with whom they have been doing business. Our forefathers gave their lives and property to prevent enslavement.

Today, we are again enslaved. Private natural American people have been tricked, deceived, and set-up to carry the U.S. Inc. perpetual corporate debt under bankruptcy laws. Every time Americans appear in court, the corporate U.S. bankruptcy is being administrated against them without their knowledge and lawful consent. That is FRAUD.

All corporate bankruptcy administration is done by "Public Policy" of by and for the Mother Corporation (U.S. Inc.).

THE MOTHER CORPORATION'S "PUBLIC POLICY"

The corporate bankruptcy is carried out under the corporate public policy of the corporate Federal Government in corporate Washington D.C. The states use state public policy to carry out Federal public policy of Washington D.C. Public policy and only public policy is being administered against you in the corporate courts today. The public policy that is dictated by all the courts, from the smallest to the most powerful courts in the world, is public policy. This is why I said, in another tape that the Russian people would be enslaved into indebtedness. What will happen is that it will become public policy in Russia to have the people go into joint corporate debt. The Russians will be forced to promise to pay those debts. They will be forced to pay off on those corporate debts. Corporate public policy is the crux of the whole bankruptcy implementation. Corporate public policy is forever a Corporate public policy and the laws that have passed since 1938 are all corporate public policy laws dealing only with corporate public policy. Understand that U.S. corporate public policy is not an American public policy. The public policy is OF, (belonging to) the United States corporation. This U.S. corporate bankruptcy public policy is not OF (belonging to) America, the Republic.

The Erie vs. Thompkins 1938 case was a decision based upon public policy. All decisions at any level since 1938, have been public policy decisions. All statutes, rules, regulations, and procedures that have been passed, whether civil or criminal, whether it is Federal or State, have all been passed to implement the public policy of bankruptcy. Since 1933, when FDR came into office, he brought in public policy. He established that it was the

public policy of the overnment to call in all the gold. It was the public policy of the government to declare a banking holiday. It was the public policy of the Government in Washington D.C., (the Federal Government) to give out government assistance. Public policy operates the same within the states. All Federal court decisions can only be handed down if the states support Federal public policy. The state legal system must be compatible with the Federal legal system.

THE MONKEY-WRENCH

This is why, when people like us go to court without being represented by a lawyer, we throw a monkey-wrench into their corporate administrative proceedings. Why? Because all public policy corporate lawyers are pledged to up-hold public policy, which is the corporate U.S. administration of their corporate bankruptcy. That's why you'll find stamped on many if not all our briefs, "THIS CASE IS NOT TO BE CITED IN ANY OTHER CASE AND IS NOT TO BE REPORTED IN ANY COURTS." The reason for this notation is that when we go in to defend ourselves or file a claim we are not supporting the corporate bankruptcy administration and procedure. The arguments we put forth predate 1938.

We come in with Constitutional law etc. All these early cases support our rights not to be in bankruptcy. However, the corporate court, lawyers, and judges have promised to give no judicial recognition of any case before 1938.

THE INTERNATIONAL BANKERS' CORPORATE PLANTATION U.S.A. STYLE

Before 1938, the law was not a public policy law. All these old cases were not public law deciding cases. Today, the cases are all decided under corporate public policy. The public policy exists in order to administer the bankruptcy for the benefit of the banker creditors and to protect the banker creditor.

Corporate public policy can allow the creditor to say to the corporate legislatures, "I want a law passed requiring my debtors to wear seat belts. Why? Because I want to be able to milk my debtors for the longest period possible."

It doesn't behoove the creditor to allow all of his labor producing debtors die at an average age 30 years. What would happen to the bankers' lending, interest, penalties, increase, repayment etc., on the entire funding and lending process if the average American life span was only 30 years? Why, the bankers would have to have 2 1/2 times the current consumer population to equal their current take. The bankers would need (instead of 250 million Americans) 600 million or even more. Maybe the bankers would need 2 Billion Americans because the individual can't contract for debt until he/she is 18 or 21 years of age. Therefore, if the average life span is only a 30 year period, the creditor could collect on the debt for only 12 years.

Now, if the bankers can just get people to live an average of 70 years) you are talking a

whopping 50 years of indebtedness for which they contract and for which they are forced to pay back with usury/interest. With this situation, the banker creditor can now float loans worth 50 years of potential indebtedness and its payoff with interest in the name of the people, as opposed to 9 to 12 years.

The creditors and their property and their people are well taken care of. The creditor doesn't want the population to decrease per se, unless, it is convenient for the debtor to run up debts in another's name and then liquidate that debtor or that group of debtor people. For example let's consider the AIDS problem today among the black people. What better group to inject AIDS into than the black people?

Read the Strecker Memorandum on AIDS and the World Health Organization connection. This documents their tainted vaccination program in Africa and elsewhere. Why not kill them off? Don't you understand that the blacks as a whole have absorbed all the debt that they can? The blacks have reached the maximum of the debt that they can carry. In fact, they have gone over their limit to pay back. They are now heavily into welfare, public housing, medicaid, medicare, food stamps etc.. Now, the situation is that instead of paying off the creditor, they have become a drain on the creditor. The creditor must now pay them to live and take care of them. What creditor in his right mind wants to spend money on a bunch of people from whom he can't collect any revenue?

The corporate public policy of the corporate United States and the states and the county and of the cities are that YOU must take care of these people. You must provide them with welfare etc. Why? Because when you, as a member of the corporate body politic allow laws to be passed which says the minorities must be taken care of, then the corporate legislature can say the public policy is that the people want these people taken care of. Therefore, when given the chance, the legislature can say the public policy is that the people want these blacks and poor whites to be taken care of and given a chance, therefore, we must raise taxes to fund all these benefits, privileges and opportunities.

This is what these people need to make them socially, politically, and economically equal with everyone else. The legislatures have passed all kinds of statutes providing for huge indebtedness and they float the indebtedness off your backs because you have never gone into court to challenge them by telling them it is not your public policy to assume the debts of other people. On the contrary, all the court decisions coming put, indicate it is the corporate public policy and it is your willingness to support the corporate public policy to pay off these debts.

Remember, "public" means of and for the corporate Government. It does not mean of and for private people. "Public" means corporate government. It is corporate government policy. When they talk about public debt, they are talking about corporate government debt and your presumed pledge against this corporate created debt.

THE REAL ESTATE SNARE

How do they work this scheme in the area of real estate? These banker creeps have made an agreement that it is corporate public policy, that all land (property) be pledged to the

creditor to satisfy the debt of the bankruptcy, which the creditor claims under bankruptcy. They get away with this the same way they get away with any other case that is brought before the court, whether it is a traffic ticket, IRS, or whatever.

Here is how it works. You have signed instruments giving information and jurisdiction to the bankers through their agents. The instruments (forms) you signed include, but are not limited to the following: social security registration, use of the social security number, IRS forms, driver license, traffic citation, jury duty, voter registration, using their address, zip code, U.S. postal service, a deed, a mortgage application, etc. etc. The bankers then use that instrument (document) under the Uniform Commercial Code (UCC) as a contract/agreement. These documents are considered promissory contract where you promise to perform. This scheme involves you, without you ever becoming directly in contact or in contract with the true creditor. What's more, you are never informed as to whom that true creditor is and it is never divulged to you the true nature and the true cause of the paperwork that you are filling out.

If you will examine your real estate deed, you will find that you promised to pay taxes to the corporate government. On property you originally acquired through a mortgage, you will notice that the bank never promised to pay taxes. You did. The corporate government at all levels never promised to pay taxes to the creditor. You did.

In tax and collection problems relating to real estate being enforced against you, you will notice that there is no mention in the mortgage or the deed stating the true nature and cause of the action. Since you have made the promise to perform, you get a bill every year for property taxes. You don't realize that the only way they can bill you for taxes is through your own stupidity of agreeing to pay the tax. You volunteered. They took advantage of you, conning you to promise to pay properly taxes. When they send you their bill, they are coming against you for the collection of the promise you made to the creditor.

Now the creditor on the paperwork appears that it is the local bank. The bank has loaned you credit. The bank hasn't loaned you anything. It is not their credit to loan. This is why the bank can't loan credit. There is a credit involved, but not the bank's credit. It is the credit of the International Bankers. The International bankers are making you the loan based upon their operation of bankruptcy claim which they presume to have against you personally as well as your property. Now, let's say you get a tax bill and you decide "I'm not going to pay it." You will find that the courts and the lawyers and the county agencies are set up to protect the true creditor simply by not identifying the creditor. By not being identified as the true creditor, the international banker can make you a credit loan that has no value in reality.

In the case of real property, he claims to loan you the use of your own property for which you pay a tax as rent. He is allowed to do this because you are presumed by statutory law and the banker to be in bankruptcy. This fraud is not revealed because he does not have to make an appearance in court to present and defend his claim. His name is not mentioned in the case.

Let's say you are not aware of your remedies provided for you within the Uniform Commercial Code (UCC). The UCC provides or allows you to dishonor the county's presentment of the tax bill. You don't pay your tax bill. You, therefore, just sit on it and don't do or say anything. A couple of years go by and all of a sudden you are being sent letters to pay up what is owed or else in a certain period of time, your property will be taken from you and put up for tax sale.

Now here is what is interesting..... If you don't pay your tax bill and they contact you asking you to pay it and you don't do it, they will declare that you are in default. It is based on that default, as provided for in the UCC, that they sell your property for the tax (rent).

However, the county never goes into court to put into the record the identification of the real creditor. And the county does not state the true nature and cause of the action against you (bankruptcy action disguised as a tax action). Why? Because, under bankruptcy implementation, they have developed a legal procedure which is based upon your promise to pay. This procedure provides that they don't have to come to the court to get a court order authorizing the sale of your property. Therefore, the real creditor never makes an appearance in court.

The reality is, you are denied any possibility of appearing in court to exercise your right to challenge the creditor. To ask if he became the creditor under "public policy." To ask if it is under "public policy", just what is the "public policy?" And how did you (as an international banker) become "creditor" to me and everyone else in this country (American people). They don't want you to ask the real creditor (the International Bankers), to produce the documents upon which your personal debt is established. If they were forced to go into court, they would have to produce the deed or mortgage showing you knowingly, willingly, and voluntarily promised to pay the corporate public debt. You did not knowingly, willingly, and voluntarily promise to pay any U.S. Corporate Bankruptcy obligation made in the 1930's.

This would, of course, expose their racket. The fact is, that, there was absolutely no debt connected to you until you agreed to it through their deception and fraud. The deception in a broader sense, permeates the education system and the news media, etc., to sell you on the idea that you are a statutory "U.S. citizen" and "resident of the United States." (INCORPORATED).

YOUR SIGNATURE IS YOUR MOST VALUABLE PROPERTY

Your property is pledged for the rest of your life upon your signature and your promise to perform is pledged into perpetual debt. The bankers don't even bother to go to court They leave it up to the agencies to administer the agency corporate public policy. It is the public policy of that agency to bill you on your promise to perform. If you don't pay, they follow up on the public policy on notice of default and give you one more chance to pay. Then they proceed to sell the property at a tax auction. They never go to court or appear in court to back up their claim against you. Did any of your government licensed and controlled teachers ever stress that your signature is your most valuable personal

property? Did your government teachers ever tell you that any time you sign any document, you should sign it "without prejudice," or with "All Rights Reserved" above your signature. This means you are reserving your God given unalienable rights which cannot be transferred and all other rights for which your forefathers died.

The Corporate U.S.. Government provides, or at best pretends to provide for this reservation of rights under the Uniform Commercial Code (UCC) 1-207 and 1-103. You need more information in this area. It is not in the best interest of the United States Corporate "PUBLIC" schools to teach you about their bankruptcy proceedings and how they have set the snare to Compel you into paying their debt. The Corporate "PUBLIC" schools are strictly designed for their Corporate citizen/subjects. That is. the Corporate U.S.. Public School citizens.

Notice all the emphases on being a "good" Citizen. Basically all their teachers and their students are trained to produce labor and material in exchange for valueless green paper called "money." It is not money, it functions "AS" money. Lawful money must be backed by something of value. Bankers take your labor, services, and material (homes, cars, farms, etc.) in exchange for their valueless corporate paper. This paper is backed only by the "full faith and Confidence of the United States Government" THE MOTHER CORPORATION.

I do not have faith or confidence in the U.S. BANKRUPT CORPORATE GOVERNMENT ADMINISTRATORS WHO HAVE PERVERTED THEIR Constitutional CHARTER, enslaving the sovereign American people into their bankruptcy obligations. Their fraudulent money laundering process promotes your payment on the corporate government's bankruptcy debt. This debt is mathematically impossible to pay Off. You and your family are in continual financial bondage to the international bankers. They love it so!

Black's Law Dictionary 1990, defines "Money Changers" as: .....business of a banker... today handled by the international departments of banks." Let me think for a moment, what did Christ do to the Money Changers." Oh, Yes, he severely interfered with their activity. Three days later he was crucified. Lincoln was killed for interfering with the money changers. Kennedy was slaughtered for interfering with the money changers.

Let's return to the subject of your property, and the tax sale for not paying property taxes. In this situation under a standard deed (not common law deed) you are actually in default. Not because you understand the default or you like being in default, you just are in default of the tax payment. So they put your property up for sale. At the tax sale, Joe Doe, average American, bids on your property and gets it. Now, there is a procedure he must go through step by step to establish. He is required to give you another chance. You have six months and a day to pay off the default. If, at this time, you pay off the amount the county says you owe, plus penalties, interest, fines, etc., then your property is taken off default status and it is yours to continue to pay taxes on the next year.

THE COVER-UP

There was a deal struck that, if any person who doesn't have a lawyer to bring a case before the courts, and this person proves the fraud, and speaks the truth about the fraud, the courts are compelled to not allow the case to be cited or published anywhere. The courts cannot afford to have the case freely available in the public archives. This would be evidence of the fraud. That is why you can't hire an attorney. An attorney is compelled to uphold the fraud.

"TRUST ME"
"I'm Here To Help You."
"I Have The Governments Permission To Practice Law."
"I'm A Member of the Bar."

The attorney is there for one reason. That reason is to make sure the bankruptcy scam (established by the corporate public policy of the corporate Federal Government) is upheld. The lawyer's will cite no cases for you that will go against the bankruptcy in corporate public policy. Whatever the lawyers do for you is a bunch of Bull Shit. The lawyers have to support the bankruptcy and public policy even at your expense. The lawyers can't go against the corporate Federal Government statutes implementing, protecting and administrating the bankruptcy.

For all cases cited, those in the US Code or the state annotated code or any other source, you may be sure that they are only those selected cases that support the public policy of bankruptcy. The legal system has to work that way. After the last 30-40-50-60 years of cases after cases having been decided based upon upholding the bankruptcy, how could the legal system possibly allow someone to come into court and put in the record substantial information and argument to prove the fraud?

BLOOD IN THE STREETS?

Can you imagine how damaging it would be, if they allowed your case to be cited in another case, or if they allowed the public to examine a copy of your brief that exposes evidence of the fraud? This exposure would render null and void everything for which they have worked so hard. Wouldn't this exposure make the people mad? Wouldn't this exposure mean there would be blood running in the streets? Especially the cities where the poor people have been really taken by this diabolical system. What they are concerned about is that the case never be cited. That goes against the bankruptcy for fear of exposing the bankruptcy and the people will then pick up their guns and shoot the SOB's.

ATTENTION: LAW STUDENT!

You said you wanted to be a lawyer. Well, I hope you've read this carefully, because here is the legal system you're headed to serve, and serve you will. You say you wanted to be a lawyer so you can find out what oath they're taking, in "secret", behind closed doors in solemn preparation for the "business of the court" as judges and lawyers.

Now you know the oath. The oath is simply to uphold the bankruptcy. If you want to be a

lawyer and want to make a living as a lawyer, be careful. They will weed you out at the beginning if you don't bring in your paperwork under the bankruptcy procedures. If you try to defend your clients and try to help your clients they will get rid of you. They will pull your license. So you spent all that money and time going to school under the guise of helping people and you're wasting your time. Without a license you can't go into a courtroom. I would think about this if I were you.

THE LAWYERS GUILD CONNECTION

Here is what happens. The American Bar Association is a franchise of the Lawyers Guild of Great Britain. The American Bar Association is not connected primarily with what happens in any case on the local level. However, when a case leaves the local level, by that is meant, the state court, city court or the justice of the peace, or even the federal court; and goes to the appeal's court, it would appear that the American Bar Association takes notice of the case. It would seem that the American Bar Association must have an agreement that any action brought on appeal, must be reviewed by the American Bar Association. If this is true, it would make sense. How else would the American Bar Association, a branch of the Lawyers Guild of Great Britain, which is the legal arm of the Rothschild's Dynasty, be able to monitor and administer the corporate bankruptcy. It would appear that the American Bar Association would be compelled to review all appeal cases and to make certain any case brought under common law or the constitutional law that would expose the bankruptcy, would be immediately stamped on the back that "this case is not to be cited or published." I believe that this is the stamp origin and purpose of the stamp message in such cases. The justice department may be able to do that in Washington D.C.. I can't see where any judge or lawyer could have the authority to stamp or label the case as one not to be cited for future cases. I think that is an official stamp from the American Bar Association.

THE BANKRUPTCY ACCOUNTING SYSTEM

Now, Mr/Ms. Law Student, if you're still attending classes and you have a good professor, ask him/her about just where the stamp comes from that you've seen on many cases. Just who put it on the paperwork and just who authorized the citation restriction. Just who is tampering with the law. There is one thing certain the creditor and or his agents are watching these cases very carefully. The creditor and his agents must balance their books. When you think of the IRS, be aware that the IRS is an agent of the creditor, the corporate International Bankers. This is just one of the Bankers' state side agencies. The General Accounting Office (GAO) is another agency they use for this country.

This is where all the accounting goes on to keep track of the debt. All the states have to send reports to Washington D.C. Washington D.C. has to send reports to the (GAO). Take a look at your state Comptroller's Annual Report to the Governor of your state. I found it in the library located in the city of the corporate state capital. Look under "Trust Fund" for each state sub-corporation like the state courts, IRS, Banks, Education, etc. you will be amazed at the amount of money being pumped into the Trust Fund from the various Corporate State Departmental Revenues (all revenue is referred to as taxes: fines, fees, licenses, etc.). There are millions and billions of your hard earned worthless federal

reserve notes, "dollars", being held in "trust."This money is being siphoned off into the coffers of the International Bankers while the corporate government officials are hounding you for more and more tax dollars.

All this accounting system is NOT so the people will know what is going on. The accounting reports are for the bankers and creditors to keep tabs on just where their collections are coming from. The bankers want to know if the bankruptcy debt payments are coming in and just how much and from what sources. This accounting is the purpose behind M1, M2, M3, M4. and M5. All this accounting is closely monitored. Maybe every day, but at least once a week. These M's are the reports of the amounts of money in circulation. The amount of debt out there, and the amount of credit out there. The floating of debt in the form of bonds. There are five different categories. This system had to come into existence in order for the creditors to be on top of the bankruptcy at all times. This system allows the creditors to figure out and know exactly what is going on in their domain.

It all makes sense. Don't the bankers hire bill collectors? Creditors hire bill collectors to snoop around do see why you're not paying. They want do know how much you are going to pay so they can figure out how much will be coming in. How much they will collect. They want to know who will pay and who won't.

THE WHOLE SYSTEM IS NOTHING BUT CREDIT AND DEBT.

THE WORLD CREDIT UNION

Here is what is going to very quickly happen internationally. All of the governments around the world are going to unite. They will create one big giant credit union for collecting the debt for the International Bankers. We have allowed ourselves do get into this very sad situation, but **THAT IS THE WAY IT IS.**

The ultimate result of shielding men from the effects of folly is to fill the world with fools. -- *"State Tamperings with Money Banks"* -- Herbert Spencer (1820-1903)

Three mighty important things, Pardn'r, LOVE And PEACE and FREEDOM

I declare under penalty of perjury under the laws of the Republic where I temporarily occupy but do not maintain a "domicile" or "residence" and from without the "United States" defined in 28 U.S.C. §1603(c) 26 U.S.C. §7408(d), and 26 U.S.C. §7701(a)(9) and (10) and only when litigated under the following conditions that the facts, exhibits, and statements made by in this and the attached pleading me are true, correct, and complete to the best of my knowledge and ability in accordance with 28 U.S.C §1746(1).

1. Jury trial in a court of a state of the Union and not a federal court.
2. Constitutional diversity of citizenship under U.S. Constitution Article III, Section 2 but NOT statutory diversity pursuant to 28 U.S.C. §1332(a)(2).
3. No jurist or judge may be a statutory "U.S. citizen" under 8 U.S.C. §1401, a "taxpayer" under 26 U.S.C. §7701(a)(14), or be in receipt of any federal financial or other privilege, benefit, or employment, nor maintain a domicile on federal territory in order to avoid violating 18 U.S.C. §597 and 28 U.S.C. §455. Such persons would NOT be my "peers", but my mortal socialist enemies.
4. The common law of the state of the Union and no federal law or act of Congress or the Internal Revenue Code are the rules of decision, as required Fed.R.Civ.P. Rule 17(b), 28 U.S.C. §1652, and Erie RR v. Tompkins, 304 U.S. 64 (1938).
5. Any judge who receives retirement or employment benefits derived from Subtitle A of the I.R.C. recuse himself in judging the law and defer to the jury to judge both the facts and the law, as required under 18 U.S.C. §208, 28 U.S.C. §144, and 28 U.S.C. §455.
6. All of the pleadings, exhibits, and statements made, including those about the law, are admitted into evidence and subject to examination by the jury and/or fact finder.
7. None of the pleadings in the case are sealed or unpublished so as to cover up government wrongdoing or otherwise obstruct justice.
8. The signator is not censored or restricted by the judge in what he can say to the jury during the trial.
9. Submitter is treated as a "foreign sovereign" under the Foreign Sovereign Immunities Act, 28 U.S.C. § 1602 through 1611.
10. Submitter is not treated as a "person" under 26 U.S.C. § 6671(b) or 26 U.S.C. §7343, which is defined as an officer of a corporation or partnership who has a fiduciary duty to the public as a "public officer". See:http://sedm.org/Forms/MemLaw/WhyThiefOrEmployee.pdf
http://sedm.org/Forms/Affidavits/AffCorpDenial.pdf
11. Submitter is not treated as an "individual", which is defined in 5 U.S.C. § 552a(a)(2) as a "U.S. Citizen" under 8 U.S.C. §1401 or a permanent resident, who collectively are domiciliaries of the "United States", which is defined as the "District of Columbia" in 26 U.S.C. §7701(a)(9) and (a)(10) and is not extended elsewhere in the code to include states of the Union.
12. If the I.R.C. Subtitle A, which is private law, a "public right", a franchise, and a "statutory privilege" that only applies to those who consent explicitly or implicitly, is cited by the opponent against the Submitter, then the opponent must provide written proof of informed consent by the Submitter to the terms of the private law being cited. This is a fulfillment of the requirement that when jurisdiction is challenged, proof of jurisdiction must appear on the record. Otherwise, the private law must be removed from evidence of a liability or obligation. "Waivers of Constitutional rights not only must be voluntary, but must be knowing, intelligent acts done with sufficient awareness of the relevant circumstances and likely consequences." [Brady v. U.S., 397 U.S. 742 (1970)]

Non-acceptance of this affirmation or refusal to admit all evidence attached to this pleading into the record by the Court shall constitute evidence of duress upon the Submitter. This affirmation is an extension of my right to contract guaranteed under Article 1, Section 10of the United States Constitution and may not be interfered with by any court of a State of the United States
